

# THE VIRGINIA SECTION EXCELLENCE IN TEACHING AWARDS

The Virginia Section presents three awards each year to science teachers. The Section established a Distinguished High School Chemistry Teacher award in 1948. The Distinguished Middle School Science Teacher award was given for the first time in 1990 and the Distinguished Elementary School Science Teacher award was initiated in 2010. In 2011, the name of the chemistry teacher award was changed to The Franklin D. Kizer Distinguished High School Chemistry Award, in honor of the late Frank Kizer, the first Science Supervisor for the Commonwealth of Virginia.
